

2SLS estimates and university selectivity

Outcome: graduation from initially enrolled program within 8 years

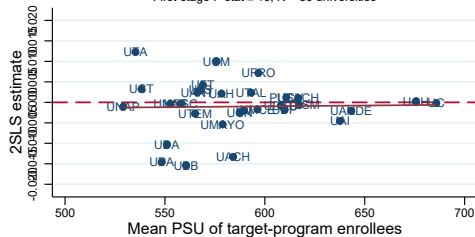

First Cohort

First-stage F-stat ≥ 10 ; N = 30 universities

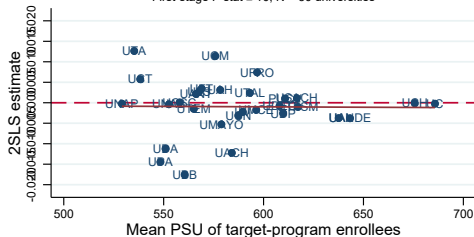

80% First Cohort

First-stage F-stat ≥ 10 ; N = 30 universities

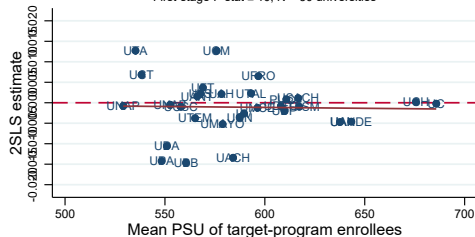

Minimum Cohort

First-stage F-stat ≥ 10 ; N = 30 universities

80% Minimum Cohort

First-stage F-stat ≥ 10 ; N = 30 universities

Each point represents one university. The line reports the linear fit.
All panels use the same symmetric vertical scale.
